SUMMARY OF QUALIFICATIONS

Microsoft Certified ASP.NET Developer with a strong foundation in **Computer Science** and over **10+ years of experience** designing, developing, and optimizing **scalable web applications. Proficient in ASP.NET Core, ASP.NET MVC, Blazor, SignalR, Web API,** and **cloud technologies (Azure, AWS).** Engineered a streamlined communication framework across agile development cycles, facilitating daily stand-ups that reduced project bottlenecks, enhanced collaboration among remote team members in five different locations leading to more efficient troubleshooting.

TECHNICAL SKILLS

- **Programming Languages:** C#, JavaScript, Typescript, Java, PHP.
- **Framework & Library:** ASP.NET Core, ASP.NET MVC5, ASP.NET Web API, Blazor, SignalR, Entity Framework, Angular, React.
- **Cloud & DevOps:** Azure, AWS, Docker, Kubernetes, CI/CD.
- **Databases**: SQL Server, PostgreSQL, MongoDB.
- **Development Tools:** Visual Studio Code, Visual Studio, phpStrorm, Git (GitHub/Gitlab/Bitbucket).
- **Tools**: Git, Jira, Trello, Agile/Scrum, RESTful API, Microservices Architecture.

PROFESSIONAL EXPERIENCE

Senior ASP.NET Developer (freelance)
Living Taste, Indonesia (remote) | Jan 2025 - Present

- Composed a high-performance e-commerce system, improving inventory tracking by 35%.
- Built an optimized Bakery Information System, enhancing category-based search efficiency by 40%.

Senior ASP.NET Software Engineer (contract)
Xtramile Solution Pty Ltd, Australia (remote) |Jan 2024 - Dec 2024

- Architected and deployed robust ASP.NET Core MVC & Web API applications **reducing bugs by 25%** and boosting reliability.
- Spearheaded the implementation of unit testing xUnit & CI/CD pipelines, **cutting QA efforts by 30%.**
- Streamlined Agile/Scrum workflows, **improving delivery by 15%.**

Senior ASP.NET Developer (full-time)
Flying Cape Pte Ltd, Singapore (remote) | Dec 2022 - Dec 2023

- Led the seamless migration from .NET Framework 4.5 to .NET Core **cutting hosting costs by 25%.**
- Redesigned the repository pattern for enhanced maintainability and efficiency, **reducing redundant code by 25%** and accelerating feature releases.
- Led a team to launch an e-commerce education platform**, boosting efficiency by 30%.**

Senior ASP.NET Developer (freelance)
Ray White, Indonesia (remote) | Feb 2021 – Dec 2021

- Crafted property listing, authentication, and transaction management in ASP.NET MVC**, improving efficiency by 30%.**
- Refined system by enabling image uploads, availability tracking, and adaptive pricing, **increasing agent productivity by 40%.**

Senior ASP.NET Developer (full-time)
Polyrific, USA (Remote) | Feb 2017- Feb 2020

- Established standardized ASP.NET MVC development protocols, **reducing bug resolution time by 25%.**
- Championed the adoption of SOLID **principles improving modularity and development efficiency by 35%.**
- Strengthened system stability and resilience**, improving uptime by 40%.**

ASP.NET Back-end Developer (full-time)
Ogilvy Australia, Indonesia (onsite) | Nov 2015 – Feb 2017

- Created CMS templates, reducing future project development time by 40%.
- Customized CMS themes for better branding and UX, increasing engagement by 35%.
- Resolved system bugs, reducing critical failures by 30%.

Software Engineer (full-time)
PT. Mitrais, Indonesia (onsite) | Aug 2011 – Oct 2015

- Built Angular.js front-end solutions, meeting 100% of client deadlines.
- Reduced bug resolution times by 25%, decreasing post-release issues by 20%.
- Improved Agile workflows, increasing project delivery efficiency by 15%.

SELECTED PROJECTS

E-commerce & Inventory Systems (on-going) |*C#, ASP.NET Core MVC, JavaScript, jQuery, HTML & CSS3 (Razor), Bootstrap and SQL Server.*

- Optimized SQL Server to incorporate advanced search capabilities and price filtering, which boosted data accuracy and efficiency, ultimately enhancing the platform's performance for over 1,000 active users each month.

Hospital Information System | *C#, ASP.NET Core MVC, ASP.NET Core Web API, JavaScript, jQuery, Knockout.js, HTML & CSS3 (Razor), Bootstrap, Redis and SQL Server.*

- Strengthened logger configurations, increasing system error and warning detection accuracy by 25%.
- Conceived and implemented two new features based on detailed analysis of user feedback from Jira, contributing to a 50% decline in user-reported issues and fostering a more intuitive application experience

Flying cape e-commerce Education Platform System |*C#, ASP.NET Core Web API, JavaScript, TypeScript, Next.js, HTML & CSS3, Bootstrap and SQL Server.*

- Integrated MasterCard & PayPal payments, enhancing transaction flexibility.

Inventory Dashboard System |*C#, ASP.NET Core MVC, JavaScript, jQuery, HTML & CSS3 (Razor), Kendo UI, Bootstrap and SQL Server.*

- Customized Kendo UI Grid and implemented ASP.NET MVC5 for better supplier management.

Appointment Dental Booking System (Kentico CMS) | *C# ASP.NET MVC5, Kentico (CMS), HTML & CSS3 (Razor), JavaScript, jQuery and SQL Server.*

- Engineered responsive Kentico CMS website, improving navigation and user satisfaction.

Philo Technologies Portfolio Investment Management System | *C#, ASP.NET WEB API, ASP.NET MVC5, Angular.js, JavaScript, jQuery, HTML & CSS3 (Razor), and SQL Server.*

- Adjusted Bootstrap templates & jq-grid component, reducing costs by 50%.

IT Request Form System | C#, ASP.NET MVC5, JavaScript, *jQuery, HTML & CSS3 (Razor), and SQL Server.*

- Conducted a comprehensive review of JavaScript functions to enhance cross-browser support, leading to a significant decrease in user-reported bugs and improving overall site stability for 15,000+ monthly users.

EDUCATION

- Diploma in Information Technology **- Electronics Engineering Polytechnic Institute of Surabaya** **Feb 2004 - Sept 2007**
- Bachelor Degree in Informatics Engineering (Equivalent to Computer Science) – **ITS of Surabaya** **Nov 2007- Sept 2009**

TECHNOLOGY STACK & KEYWORDS

- .NET 8, ASP.NET Core, ASP.NET MVC, Web API, Blazor, SignalR, Microservices, Docker, Kubernetes, CI/CD, Azure, AWS, SQL Server, PostgreSQL, MongoDB, RESTful API, Dependency Injection, Unit Testing, SOLID Principles, Agile, Scrum, GitHub Actions.

CERTIFICATIONS

- Microsoft® Certified Professional**.** (2016)
- Microsoft® Specialist: Programming in C#. (2016)
- Microsoft® Specialist: Programming in HTML5 with JavaScript and CSS3. (2017)

ADDITIONAL INFORMATION

- **Languages**: Bahasa Indonesia, English.
- **Work Style:** Remote Collaboration, Agile/Scrum, Distributed Teams.
- Strong troubleshooting complex technical issues and team collaboration and stakeholder engagement.
- Over 10 years of hands-on experience working in fully remote & distributed teams (Mitrais, Ogilvy, Xtramile Solution, Flying Cape, Polyrific, etc.).
- Proven experience collaborating with global remote teams across APAC, Europe, and US time zones, ensuring seamless project execution.
